

Website Requirements Document

DHI Green Foundation

Prepared for: External Website Development Team

Prepared by: [Rifa p], on behalf of DHI Green Foundation

This document outlines the content, design, functional, and technical requirements for the organization's website, along with a clear division of responsibilities between the NGO and the external development team.

1. Core Pages Required

- Home
- About Us (history, mission, vision, team)
- Programs / Projects
- Impact / Results
- Gallery
- Blog / News (optional)
- Contact Us
- Donate
- Volunteer / Get Involved

2. Trust & Credibility Elements

- NGO registration number and legal status
- 12A / 80G / FCRA details (if applicable)
- Annual reports / financial transparency
- Board members / team with names and photos
- Testimonials and partner logos
- Verified physical address

3. Functional Requirements

- Secure, working Donate button (real payment gateway, not a demo)
- Contact form and Volunteer form that deliver submissions to the NGO's email

- Social media links
- Newsletter signup (optional)
- Search function (if content-heavy)

4. Technical Requirements

- Fully mobile responsive
- Fast loading speed (optimized / compressed images)
- SSL certificate (https)
- Easy content management system (editable without coding)
- Domain and hosting registered under the NGO's name
- Basic SEO setup (titles, meta descriptions)
- Analytics integration (Google Analytics or similar)

5. Legal / Compliance

- Privacy Policy
- Terms & Conditions
- Cookie consent (if analytics / tracking used)
- Tax exemption disclosure (if donations are tax-deductible)

6. Design Requirements

- One consistent logo and colour palette throughout
- Simple navigation (5–7 main menu items maximum)
- Real photographs only — no generic stock images in the final version
- Accessible design: readable fonts, sufficient colour contrast, alt text for images

7. Handover Requirements

- Domain, hosting, and CMS login credentials handed over to the NGO
- Basic training / walkthrough video for content updates
- Written agreement on post-launch support duration and cost of future changes

8. Division of Responsibility

All page text (mission, about, program descriptions, impact stories)	Website layout, structure, and visual design
Real photographs and videos of field work, team, and events	Technical build, coding, and integrations (forms, donation gateway)
Organization logo (high resolution)	Temporary placeholder content only, until final NGO content is received
NGO registration certificate and related legal documents	Mobile optimization and performance tuning
12A / 80G / FCRA certificates (if applicable)	
Testimonials and quotes	
Social media handles / links	

Provided by the NGO — Final Checklist

DHI Green Foundation

This page is to be filled and signed off by the NGO before final handover, confirming all required assets and documents have been shared with the development team.
